

BBT NEWSLETTER

Your aircooled VW supplier

PREFACE

We all thought that it would still stay some time away, but before we were aware of it, we are already in the middle of it! The summer is coming with rapid strides! This year the exceptionnel good weather in Belgium will be marked in history, which is off course welcome !

When I write this introduction I'm still shaking from the emotions of our event of this year, on which I invited you in the previous newsletter, namely our pre-party and the convoy to the meeting in Bad Camberg in Germany. I think that we may say that it was a success! Certainly for our American customers and friends, because never

before we've seen so many Americans at BBT ! The convoy progressed smoothly and apart from some small breakdowns

(which were all repaired on the way) we arrived together on the meeting we chose.

Due to the favorable rate of the Dollar I can again reduce a lot of prices which can only contribute to a better sale/ consumption of BBT parts of exchange!

Our next newsletter may be expected beginning of October, enjoy in the meanwhile the summer and like always questions and/or suggestions are always welcome!

Keep the VW faith!

Bob

DROPPED SPINDLES

As from now BBT always lays in stock dropped spindles for buses till 1967! There are two models, one till 63 and the other till 63-67. For prices and more information please contact you seller ...

SOON BACK IN STOCK!

Back up light # 0673 and rear foglight # 0674 can only be delivered in black and not in chrome!

BBT SWEAT- AND T-SHIRTS

The well-known BBT Sweat- and T-shirts are back in stock!

NEW PRODUCTS

0217 Running board mat black / split window beetle

This rubber mat has the same profile as the original running boards mats for split window beetle. The mats are still to be adjusted for your left or right running board. Sold by piece for 1 running board. Already in stock!

0564-13 Middle piece jailbar deluxe – Samba

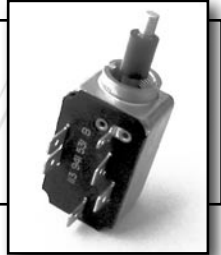

This middle piece was only used for Types 2 with a corner window and it was the only piece of the jailbars deluxe that was still missing! Though now all the small pieces of the jailbars are obtainable.

Sold by piece. Stock already available.

0636-6 Headlight switch 68-

This switch is the most frequently used for beetles after 1968. There are many differences on these switches, therefore it is impossible to have all kinds made. With its 5 connexions and the one connexion for the dashboard light it is thus quite universal.

Sold by piece. Already stock available.

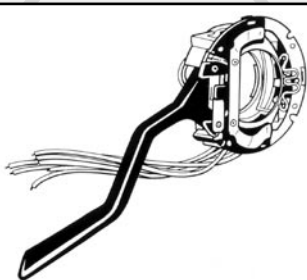

0661-08 Bulb for semaphore 6V / 3W

These bulbs have a special dimension, which isn't easily on sale in the commerce, but now we have found a good supplier. They fit perfectly!

Sold by piece. Already stock available

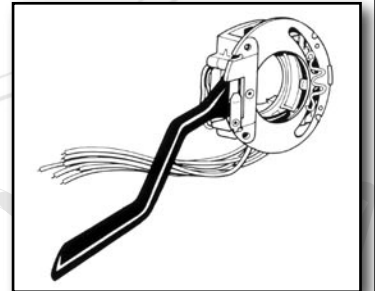

0666-5 Indicator switch 08/70 - 07/71 - Economy

0668-5 Indicator switch 08/67 - 07/70 - Economy

These indicator switches are the same as our usual # 0666 and # 0668, except that they are of original manufacture and they are much cheaper. They work just the same, but only the quality and the price are different. The reason why we have taken these in stock is because the original manufacturer won't make them much longer and therefore we have this alternative for you and your customers!

Sold by piece. Stock already available!

0813-1 Bumper support on panel rear left T1 -67 + std T1 -72

0814-1 Bumper support on panel rear right T1 -67 + std T1 -72

This panel is the same as BBT 0813 + 0814, but then with a bumper support for beetles till 1967 and/or standard beetles till 1972. So for the small bumpers and bumper supports.

Sold by piece. Already in stock!

0829-5 Vintage bumper retainer front left

0830-5 Vintage bumper retainer front right

These bumper retainers are used for beetles with an old bumper (-67) but with a body of 68-. The retainer is assembled on the inside flank of T1 68- and we can assemble here the small support of the old bumpers on.

Already in stock!

www.BBT4VW.com

0918-1

0919-1

0919-1 Pipe kit accelerator cable 25/30 H.P.

0918-1 Accelerator cable clip 25/30 H.P.

This pipe kit accelerator cable consists of a pipe, spring, hood on spring and clip and it is used on 25/30 H.P. motors. The clip from this set is also available separately, because it is often the clip only that is missing. Sold by piece. Stock already available.

0934 Cable gas door 1302

This cable is the same as BBT 0935 and BBT 0936. Volkswagen has made 3 models, but since years only 2 models were still available. But now the missing cable is back in stock. It is only used for 1302 beetles. Sold by piece. Stock already available!

1210-1

- # 1210-1 Front wheel cylinder 58 > / ATE**
- # 1221-1 Rear wheel cylinder 65-67 / ATE**
- # 1223-1 Rear wheel cylinder 68 > / ATE**
- # 1228-1 Rear wheel cylinder T2 / 1972 > / ATE**

Now the most current wheel cylinders are also available in 2 different qualities. Since a long time they were delivered in the ATE quality, now they have been changed in number and the numbers # 1210 - # 1221 - # 1223 - # 1228 will represent now the TRW- VARGA quality. Due to the difference in price we'll be able to help our customers according to their needs. Sold by piece. Stock already available

1221-1

1223-1

1228-1

- # 1329-01 Steering axle T1 left -60**
- # 1329-02 Steering axle T1 right -60**
- # 1329-03 Steering axle T1 left 60-65**
- # 1329-04 Steering axle T1 right 60-65**
- # 1329-05 Steering axle T1 left 65-05/68**
- # 1329-06 Steering axle T1 right 65-05/68**
- # 1329-07 Steering axle T1 left 1968-**
- # 1329-08 Steering axle T1 right 1968-**
- # 1329-10 Steering axle 1302/03 71-74 left and right**

As from now we'll have the whole programm of steering axles in stock for Beetles and buses(which we already had), all the steering axles are TÜV approved and are as original and of good quality. Only the steering axles before 1960 don't have the original tire rod ends with the grease nipple but they can be replaced perfectly! Sold by piece. Stock already available

1329-02

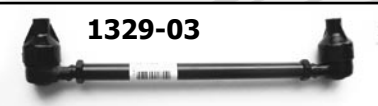

1329-04

1329-06

1329-08

1329-03

1329-05

1329-07

1369-1 Steering column coupling /TQ

This rubber coupling at the bottom of the steering column is the same as our # 1369, but then of German top quality! Sold by piece. Stock already available

1396-5

1396-5 Front axle bearing T1 / upper 65- / upper + lower -65

1396-6 Front axle bearing T1 / lower 65- / T3 lower

Because these bearings are recently no longer available with Volkswagen, we have taken them also in stock. The manufacturer of Volkswagen still makes them and so we buy them where Volkswagen used to buy them! As you can see in the description there are 2 models for the Beetle!

Sold by piece! Stock already available!

1396-6

1453-5 Rear rubber bushing spring plate type 2

This rubber fits exactly on the rear spring plate cap of type 2 buses (all models from beginning until 1979). So after the spring plate cap has received a stock number (# 1437) the rubber has got one too!

Sold by piece. Stock already available.

1456-001 Rubber rear sway bar support

This rubber is to be assembled in the support. Due to the rubber the bar comes in the rear stabilisation. As we have experienced ourselves problems with the technical inspection, because this rubber was used too much and as our stock of good used ones was sold out, we have decided to take this product into our program. When we need these pieces ourselves, there will be certainly other people who will need them too.

Sold by piece. Stock already available.

1485-11

1485-11 Transmount box front T1 52-59

1485-21 Transmount box front T2 59-62

These transmounts are according to VW used for respectively T1 52-59 and for T2 59-62. Though it's possible that also other types have been used because the synchronised gear boxes and non synchronised gear boxes were also used confusedly in these years

and also with some different types and models. So please check always the model before ordering.

Sold by piece. Stock already available.

1485-21

1601 Crank 13/1600cc

This crank is destined for 1300cc and 1600cc motors and it is new. With the assembly in our machinery shop it has been proved to fit perfectly and now it runs in one of our motors with a new engine case.

Sold by piece! Already some in stock.

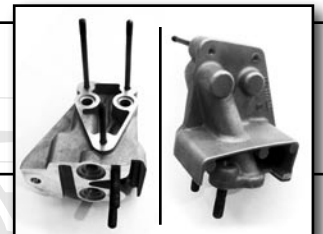

1639-5 Stockstyle main seal flywheel type 1 / HD

This stockstyle main seal is according to us the best one for sale at this moment. This main seal is therefore our HD (heavy duty) finition. Sold by piece. Stock already available.

1823 Oilcooler bracket 13/1600

This bracket is like the original bracket and is to be screwed up on the engine case and at the side of the oilcooler. The bracket is delivered with all the necessary parts of the threads. Sold by piece. Stock already available.

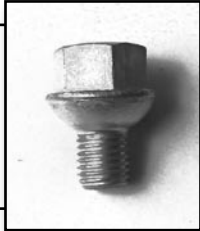

1829-4 Oilcooler original type 4

This oilcooler is like an original oilcooler for type 4 motors. The oilcooler looks exactly the same as for type 1 motors, but it is larger, so you can use them with some adjustments for the type 1 motors too!

Sold by piece. Already some in stock.

2584-50 Wheel bolt 4 holes / original

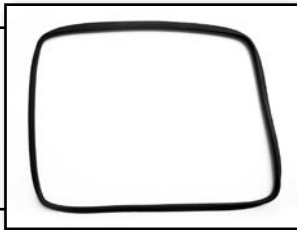

These wheel bolts are as original and are used for the 4-holes wheels (all models). They look like an original, but they aren't. Due to the increasing demand with us at the shop and because there aren't many good used ones, we have decided to take them in stock. Sold by piece. Stock already available.

2584-51 Wheel bolt 5-holes / original

These wheel bolts are as original and are used for the 5-holes wheels (all models). They look like an original, but they aren't. Due to the increasing demand with us at the shop and because there aren't many good used ones, we have decided to take them in stock. Sold by piece. Stock already available.

2705 Chrome hornring 66-71
All these rings are often in bad shape or are just not chromed ! Now we have them in stock due to the increasing demand for good chrome hornrings. They are used from 66-71 and with T1 – KG and T3. Sold by piece. Stock already available

7400-1 Seal front window T 55-67 – left
7400-2 Seal front window T 55-67 – right

These new German seals are for the splitbus from 55-67 and are preformed. Therefore there is a difference between left and right. Sold by piece. Stock already available.

9524 Flat 4 BRM wheel / 6.5 x 15
This product is new with Flat 4. This wheel is the same as the other BRM wheel 5 holes (5x205) only this one is larger 6.5 x 15. Sold by piece. Already in stock.

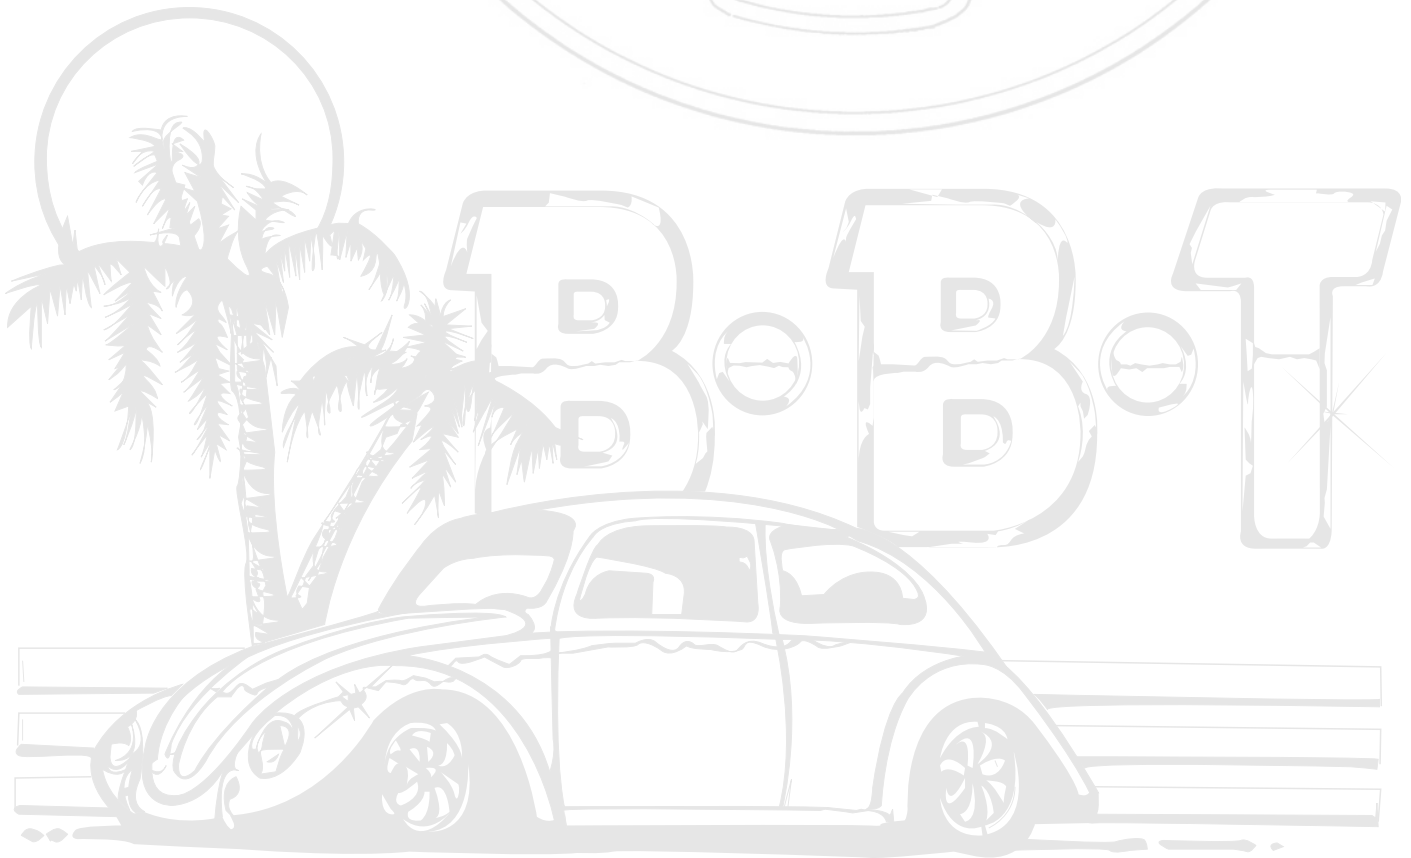

NO LONGER AVAILABLE

#0148, #1051-3, #1060-1, #9897
