

BBT NEWSLETTER

Your aircooled VW supplier

PREFACE

When the leaves are fluttering dull from the trees in Western Europe the BBT autumn newsletter will surely fall in your mailbox, nature's spectacle colours let us soon forget the dull weather and if you really want you can discover nice things apart from nature itself. In fact, you can simply find everywhere the beauty of things and we can apply it in all facets in our daily life. Even if the customer has a difficult question or an annoying request for guarantee, we can doubtless learn some positive lessons from it. To quote the Dalai Lama: it's not bad to make an error, but it is so to forget the lesson from it!

In VW matters the great meetings in Europe (and abroad) are over again, highlights for us were certainly Spa Francorchamps (more than 2000 Volkswagen) and VW Euro, a trendsetter with over

and over again a surplus of VW cars, where a real addict can just recharge himself. We like it and we'll keep doing it, our enthusiasm is what we keep doing on the rhythm of the Volkswagen sounds. In the world (and specifically the world-peace) we look forward to the election for the president of America, which take place far away from us but which can have great consequences for the world and can influence the economy in a positive as well as a negative way. Let's hope the leaders of the world will think one moment and will show respect for all human races and societies, it could certainly help the economy. Good news for the spare parts front! After approaching disappearances of several products we can announce that 009 are already being reproduced but no longer

by Bosch. The carburettors from Weber which have become in the mean time unaffordable, will be replaced soonest by double Solex. Recently there will come finally good rings for headlights for European Beetles and headlights for buses with integrated adjusting screws (rings with 3 holes) as well as rings for headlights for European Karmann Ghias in the correct model... These are only a few updates, we work at this

moment on more than hundred different products and we hope soonest to continue with it, we are here to serve, and this in the largest meaning of the word.

Finally I wish you a pleasant fall, take the time to make a nice walk, no doubt that it will do you well! Reactions and/or remarks are always welcome on Bob@bbt4vw.com.

Bob

NEW PRODUCTS

0425-50 Door latch Type 2 -'63 with key

0425-51 Door latch Type 2 -'63 without key.

These door latches are for Type 2 -'63 and can be used eventually for Type 1 -'55. There is a model with key and an model without key, so essentially left and right. Sold by piece. Stock already available.

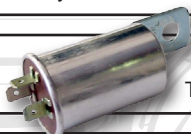

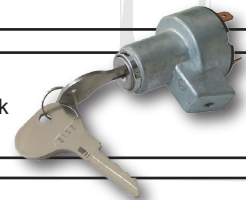

0632-1 Headlighttrim Karmann Ghia for European model

At last they have arrived in stock with the correct fit, so they are like original.

0653 Ignition lock Type 2 -'67 (with keys)

This ignition lock is specially for the Type 2 -'67, the model is to be screwed into the steering part. Sold by piece. Stock already available.

0685-5 Turn signal relay 6 Volt with 3 pins

This 6 Volt turn signal relay is mostly used and has 3 entries. Sold by piece. Stock already available.

0880-5 Gastank support in wheel arch

This little part of the plating sits on the right wheel arch and serves as support for the filling-in-piece of the gastank. This sits also in the complete wheel arches # 0880 and # 0880-1, but because more and more customers asked after this little piece we have let it manufactured and taken into stock. Sold by piece. Stock already available.

1229-01 Bleed screw for VARGA-TRW caliper

This bleed screw is only to be used for the VARGA-TRW brake calipers, they are as bit thicker than the other bleed nipple # 1229. Sold by piece. Stock already available.

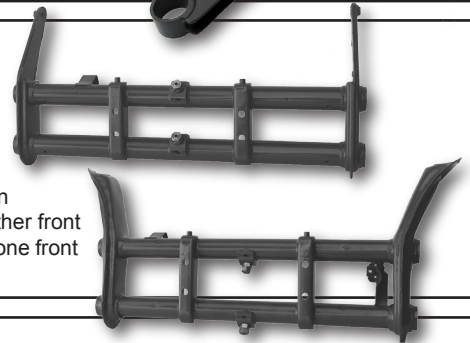

1334-05 Trailing arm 1303 '74-

These trailing arms are often asked for in second-hand. Because there aren't many used ones available and if they are there, they are much too expensive and they are mostly bent. Therefore we have decided to take these into stock. These are excellent reproductions. They are delivered without ball joint and/or seal. Upon request they can be installed for a small price. Sold by piece. Stock already available.

- # 1397-50 Front beam Puma T1 -'65 narrowed 2 inch**
- # 1397-60 Front beam Puma T1 '65- narrowed 2 inch**
- # 1397-51 Torsion leaves for Puma front beam T1 -'65 narrowed 2 inch**
- # 1397-61 Torsion leaves for Puma front beam T1 '65- Narrowed 2 inch**

These front beams have been designed by CB Performance and they have narrowed with 2 inches, therefore you can lower your beetle because the rims fit better in the wing, the torsion leaves have also been made to measure. The quality of these front beams is identical to the other front beams which we have in our assortment. The torsion leaves are sold per pair, which is good for one front beam. Sold by piece. Stock already available.

**# 1622 Plug for camshaft in engine case**

This plug is assembled between the 2 halves of the engine case at the end of the camshaft. Sold per piece. Stock already available.

**# 1685-04 Fuel pump chrome (alternator)****# 1685-07 Fuel pump chrome (dynamo)**

These fuel pumps are identical to our standard pumps but they are in chrome! The manufacturer doesn't give any guarantee on the chrome, so we too cannot give any guarantee for eventual bad chrome. Sold by piece. Already some in stock.

**# 2439 Wiper arm Type 2 08/'68-**

These wiper arms are since a long time out of stock with VW and now there is a good quality on the market. Because the occasions will also be sold out soonest, we have decided to take these into stock. They are excellent reproductions Left and right are the same. Sold by piece. Stock already available.

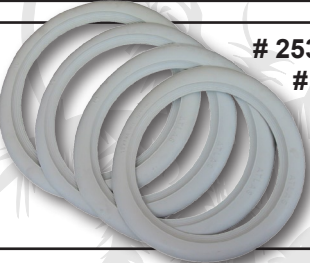

**# 2462 Washer hose**

This is the black hose for window washers. Because they are almost always hardened or torn off, we have taken them in stock. Sold per meter. Stock already available.

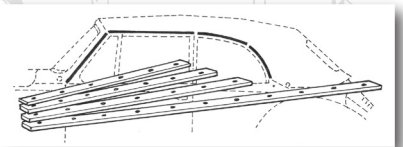

- # 2539-13 White wall ring 13' (per piece)**
- # 2539-14 White wall ring 14' (per piece)**
- # 2539-15 White wall ring 15' (per piece)**
- # 2539-16 White wall ring 16' (per piece)**

As from now we have several kinds of white wall rings in stock. Due to the increasing demand after different sizes, we have decided to take these into our assortment. The article number of the usual 15' (#2539) has also been changed and has become now # 2539-15. Sold by piece. Already some in stock.

- # 7160 Mounting set for the seals on the top frame (with screws) 1950-1965**
- # 7161 Mounting set for the seals on the top frame (with screws) 1965-1971**
- # 7162 Mounting set for the seals on the top frame (with screws) 1972**

After the success of the set for 1303 (# 7163) we have ordered them for all other years and we've taken them into stock. Each set consists of all the aluminium plates which are to be installed on the top frame inclusive the screws. Stock already available. Sold per set for 1 car!

- # 9534 Flat 4 - Enkei SPOKE wheel 5x205**
- # 9535 Flat 4 - Enkei DISH wheel 5x205**
- # 9536 Flat 4 - Enkei DISH wheel 4x130**
- # 9537 Flat 4 - Enkei DISH wheel 5x112**

These are the new wheels from Flat4 - Japan. Due to their special design they are worth being taken into stock. They are delivered with center cap but without wheel bolts. Sold by piece. Stock already available. # 9537 will be in stock in November only!
